BLACKWELL NURSERIES

SEMMES, ALABAMA

Wholesale Only

To Our Customers and Friends

Last year was our best year yet. We had a wonderful lot of stock to ship and received more compliments on it than ever before.

This year will be even better as we are off to a good start. Our lining out stock is better than we have ever grown. The quality of our container grown stock is of the very best — none can surpass it. Our Oriental Magnolias are fuller, bushier and more heavily budded than any we have ever seen — they are beautiful.

Prospects for the future are very bright for progressive Nurserymen; especially those of you who plant some of our lining out stock for the very good years ahead. All indications are that the recession has reached bottom and the upturn has started now. By Fall, conditions will be much better and we would like to help you be prepared for the heavy demand for plant material of all kinds.

Early bookings will be appreciated and also will assure you of getting your share of items in short supply.

We invite those of you who can do so to come visit us and see our operation — we are proud of it.

Our Business Terms

PRICES. All our prices are net and due by the 10th of the month following purchase. Packing charges are to be added and are based on actual cost. If cash accompanies order, we will absorb the packing cost ourselves.

CHARGE ACCOUNTS. From unknown persons who have not established credit with us, we ask for well-known trade references and time for investigating.

C. O. D. SHIPMENTS. Must be accompanied by 25% deposit and will be considered as a cash order with packing free.

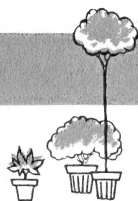

SHIPMENTS. Please specify by what method you want your order shipped. We will endeavor to send out all orders as near the date specified as possible, and will do everything in our power to insure satisfactory delivery to our customers, but our responsibility ceases upon delivery to carrier in good condition, insofar as damages in transit are concerned. Should your shipment be delayed or damaged in transit, please file claim with transportation company immediately.

If there is any mistake in your order, please let us know at once.

ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE.

THE BLACKWELL NURSERIES, INC. warrants to the extent of the purchase price that nursery stock is true-to-name and as described within recognized tolerances. Seller gives no other or further warranty, express or implied, and will under no circumstances be liable for more than the invoice value at the time of purchase.

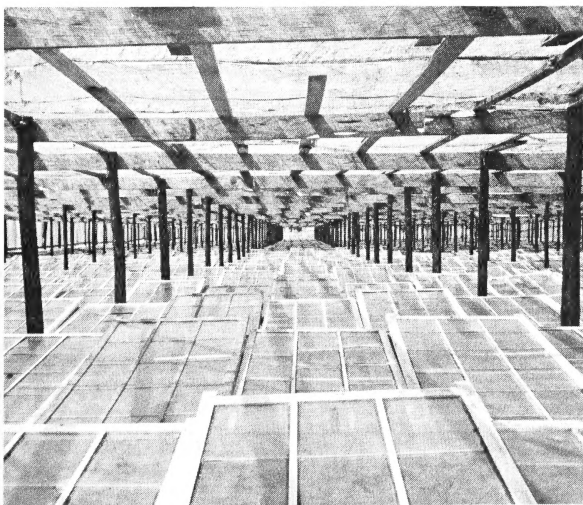

Azaleas

This year we have our usual wonderful lot of Azaleas to offer. They have been sheared many times and are very compact. No one can furnish the high quality Azaleas we ship at a lower price, due to our volume of production. We would appreciate the opportunity to prove this to you.

We are concentrating on producing the highest quality plant, for pot culture, possible. We grow these plants in German peat moss so you should not experience any trouble in transplanting.

We start shipping about October first, but for growing on stock and all transplants — shipments usually go out from April first through June. Place your order as early as possible for best selection of varieties.

HOTBEDS

In these heated, covered frames are grown thousands of Azalea liners during the Winter months for shipment in Spring.

Kurume and Pericat Azaleas

These are most popular as they are used extensively as pot plants and also in landscaping for borders as well as mass planting in beds. As a pot plant there is nothing that is superior. We urge you to try a few if you are not already using them.

CHINA SEAS. Fast grower, nice pink hose-in-hose. Excellent for late forcing.

CHRISTMAS CHEER. Hose-in-hose; small deepest red. Small foliage; compact growth.

CORAL BELLS. Hose-in-hose; small, bell-shaped flowers of a beautiful shade of pink. Small glossy foliage; very compact growth. The favorite of florists for pot culture.

DAWN. Hose-in-hose, large light pink. Lighter than Sweetheart Supreme, but larger.

GLORY. Fast growing nice salmon-pink hardy variety. Flowers almost same color as Salmon Beauty, but not quite as large. Very profuse bloomer.

H. H. HUME. Hose-in-hose, large white. Fast grower and good bloomer.

HEXE. Hose-in-hose; large, deep red. Excellent dwarf compact growth. Very much in demand.

CORAL BELL & HEXE

6 x 8 Inch Coral Bell and Hexe with six inch pot. We trim our Azaleas especially for florist's use.

HEXE DE SAFFALARE. Hose-in-hose similar to Hexe except larger. New and very popular.

HINODEGIRI. This is a very popular bright red variety. The blooms cover the plant in such a manner that you can hardly see a leaf when in full bloom. Compact, slow growth. Very hardy.

HINO-CRIMSON. This variety is similar to Hinodegiri, but faster grower. Hardy, but not as hardy as Hinodegiri.

MARJORIE ANN. Fast growing Pericat similar to Sweetheart Supreme, except flower bright salmon. Very good for forcing.

ORANGE CUP-SHAPE. Large hose-in-hose, dark orange cup-shaped flower. Very late.

PINK SUPREME. (Pink Pericat.) Beautiful rose-pink sport of Mme. Pericat.

***RED WING.** (Pat. No. 1159; 10 cents each royalty fee.) Beautiful large red Azalea which is an excellent pot plant variety similar to Hexe, except a much larger flower. Not quite as hardy outdoors as Hexe de Saffalare.

ROSE BANNER. Hose-in-hose, lighter pink than Coral Bell but larger flower.

SALMON BEAUTY. Hose-in-hose; large, salmon color. Compact growth. Very showy plant and an excellent variety for pot culture.

SNOW. Hose-in-hose; pure white flowers cover the plant. Fairly large, dark green leaves. Popular with the florist.

SWEETHEART SUPREME. Salmon - pink. Keeps well. Very fine.

TEMPTOR. Medium size rose-pink, very compact grower. Mid-season to late.

Oriental Magnolias

Our stock of these fine Magnolias is much larger than ever before, and they are about the nicest we have ever seen anywhere. Our liners are especially nice and we recommend them very highly. We know we have the finest stock of Budded Soulangeana ever grown. We initiated cutting back Magnolias here several years ago and have the heaviest, bushiest stock available. Let us take care of your needs. These Magnolias are hardy in nearly all parts of the United States, and make beautiful trees for Spring flowering.

All liners are shipped bare root and we recommend shipping the larger sizes in this manner when the distance is very great. They can be moved safely in this manner, and can be shipped where B&B would be almost prohibitive.

ALL OUR ORIENTAL MAGNOLIAS SHOULD BE SHIPPED OUT BEFORE FEBRUARY FIRST. They come into flower and growth buds soon after and would be harder to transplant. If you have some place like a bulb cellar where you can keep them above freezing, yet cold enough so they won't start new growth, you can hold them fine. 38 to 45 degrees is about perfect.

FIELD OF YOUNG STOCK

MAGNOLIA ALEXANDRINA. Strong, upright grower. Large flowers, dark purplish pink outside, and white inside. A very nice Magnolia.

MAGNOLIA RUSTICA RUBBA. Large flowers of dark reddish purple. Very fast grower and excellent variety. Later bloomer than Soulangeana.

MAGNOLIA SOULANGEANA. Very hardy, fast growing, and one of the most sought-after plants for use all over the United States.

MAGNOLIA SOULANGEANA NIGRA. Dark purple. A late bloomer and not quite so hardy as Soulangeana.

Lining Out Stock

When we established this nursery in 1938, we decided to specialize in lining out stock. We have done this and are known as the producer of the highest quality liners of anyone in this section. Whether it be Azaleas, Ilex, Magnolias, or any other nursery stock we grow, we produce the best. Repeat orders and more and more new accounts each year are our best testimonials. We are improving our quality and methods of production each season. We are very proud of our packing and feel the extra time we consume in doing an excellent job is well spent. We urge you to consider us when in need of any stock we list.
